

MARGUERITE RUG LIGNE ROSET

IN-STORE PURCHASE ONLY

Designer Ligne Roset Genuine 100% tanned cowhide rug. Each hide is approximately 53.8 sq. ft. Available in tricolour natural cowhide as well as in five monochromatic versions: Ebony, Caramel, Chocolate, Black and Grey. Each hide is unique and will vary in colour and size. A rug can dramatically change the look and feel of a room. One of the easiest and most effective ways to finish off the look of a room is to add a rug. Yet it is an item that you should actually consider first. Flooring is often an afterthought, and even when it is added, many times it's done incorrectly. That's because a large part of decorating with rugs is based on the principles of proportion. Not to mention balance with colour and texture and the element of style, too. Therefore, ask one of our Professional Sales & Design Consultants to "Borrow the rug" and place it in the intended spot in your home. *Conditions will apply.
