At DOMO we have carefully selected accessories and occasional furniture to complement the premium brands that are stocked exclusively at our showrooms. We understand that accessories and smaller furniture items are not always essential but desirable and they can contribute greatly to the overall effect or result of a room in your home. We travel regularly to Trade Fairs around the world to source product and to keep abreast of the latest trends in colour, form and function. Therefore, our Accessory stock is constantly changing. We like to represent local as well as international artists and products and recommend choosing from our wide range of works which include mirrors, rugs, lighting, soft furnishings (cushions & throws), vases, artwork and much more for that finishing touch for your home or apartment.
