The DOMO Homewares Collection is sourced from exclusive suppliers and artisans around the world. Our range is constantly evolving with the regular arrival of new products that complement our carefully curated selection of contemporary and classic furniture. Every year our in-house styling and design team attend the most prestigious international trade fairs, to source coveted pieces and to keep abreast of the latest developments in colour, form and materials. With this ongoing research, our Homewares Collection continues to stay in tune with interior trends and includes products by a wide range of local and international artists, designers and makers. At DOMO we understand that unique and beautiful accessories can transform a house into a home that expresses personality and taste, and our mirrors, rugs, lighting, soft furnishings (cushions and throws), vases and artwork are sure to add the finishing touches to your interior.

DOMO is pleased to bring to you a range of outdoor cushions using Sunbrella fabric, the international leader in the manufacture of outdoor fabrics. Sunbrella is strong, durable and resistant to fading. It is UV and mildew resistant yet beautifully soft. 100% PET fibre cushion inserts, derived from recycled water bottles, offer greater resilience. These cushions are water resistant not water proof.

CARE:

- Wash on a gentle cycle in cold water with a little natural soap

-
- Line dry with wads under the pegs
 - Do not use a dryer or hot iron at this may lead to shrinkage. Constant exposure to pool chlorine can cause bleaching
