

**CONSTANZE 3/4 ARMCHAIR  
WITTMANN**

IN-STORE PURCHASE ONLY

With unmistakably precise handcrafted detail, an upholstered moulded wood shell sits on top of a shiny chrome aluminium base in the 3/4 Constanze armchair. An additional moulded wood shell gives the masterfully deep buttoned seating element extra stability. The positioning of the legs breaks up the compactness of the solid upholstered element. The armrests give the piece its characteristic form. A footstool cut from the same cloth and a table complete the group. Today, the lines, function and style of the 3/4 furniture still appear every bit as modern and in touch with the zeitgeist. Reason enough for Wittmann to let them shine in the context of timeless design, bringing them into the here and now with a subtle update. AUSTRIAN HANDCRAFT SINCE 1896 - Wittmann is a family business - manufacturing high-quality upholstered furniture.
