HOUSE OF HACKNEY**

AVAILABLE FOR ONLINE PURCHASE - PLEASE CONTACT YOUR LOCAL SHOWROOM FOR AVAILABILITY

Look no further if you are looking to introduce a touch of luxury to your home. The "House of Hackney's" luxury cushions will add instant colour and texture to any living or bedroom space. House of Hackney cushions come in a large array of prints and hues. While the 'Dusky-Pink' tone is delicate and romantic, the ANACONDA motif of intertwining serpents lies on the side of seduction and subversion. Crafted in England, this piped cushion is made from tactile cut-velvet – an elevated technique based on traditional damask fabrics.
