HOUSE OF HACKNEY**

AVAILABLE FOR ONLINE PURCHASE - PLEASE CONTACT YOUR LOCAL SHOWROOM FOR AVAILABILITY

Look no further if you are looking to introduce a touch of luxury to your home. The "House of Hackney's" luxury cushions will add instant colour and texture to any living or bedroom space. House of Hackney cushions come in a large array of prints and hues. A paean to the wild English countryside, the AVALON motif is christened after the utopian isle of Arthurian mythology. Swathed in 'Ecu' cotton-linen with olive-green tassels, this British-made cushion is strewn with sunflowers, poppies, daisies and lilies – an archive print hand-drawn in pencil and watercolour, then remastered by House of Hackney for the modern home.
