

RIBOT ARMCHAIR HC28

IN-STORE PURCHASE ONLY

Design by Dainelli Studio. The 'RIBOT' armchair oozes overall softness. The backing of the chair is made from a delicate cowhide that connects smoothly with the metal legs. The padded inner cushion crafted into squares adds overall comfort and style. **STRUCTURE:** Structure in solid wood and plywood, base in metal. **FINISH:** Upholstered with fabric or leather, outside of the back in leather, base in dark grey epoxy paint **SEAT:** Seat cushion in high density foam polyurethane and dacron

This item can be customized using a wide choice of fabrics found in the store. The Retail price will vary dependent on the fabric chosen. Pricing shown on the website is indicative of non-custom stock.
