

## BELLADONNA SOFA EXTERIOR SIKA DESIGN

IN-STORE PURCHASE ONLY

**Designer: Franco Albini** Belladonna is designed by Franco Albini and made of Alu-Rattan and ArtFibre materials. The sofa is in the elegant 'Exterior Natural' colour. Alu-Rattan is weatherproof powder coated aluminium and ArtFibre is artificial fibres made of maintenance-free polyethylene that can withstand the sun's UV radiation. Due to the weatherproof materials, the sofa can withstand being outside throughout the year without maintenance. **\*Cushions sold separately.**

This exterior sofa is fitted with a seat made of Quick Dry Foam and covered in durable fabric. Quick Dry Foam is quick-drying foam suitable for outdoor use. The foam is specially designed as an outdoor foam that can drain water and maximize air circulation for a faster drying process.

Franco Albini (1905-1977) was both an architect and designer. In his heyday in the 1950s, he produced many acclaimed furniture designs such as bookcase systems and the Margherita and Gala chairs. He is also renowned for architectural works such as La Rinascente in Rome, properties, and metro stations in Milan.
