

## DS-80 DAYBED DE SEDE

IN-STORE PURCHASE ONLY

Celebrating 50 Years in 2020, this daybed is a logical and faithful re-design of the celebrated de Sede classic and has lost none of its fascinations. Its extravagant patchwork covering together with back cushioning that can be positioned as required caused a sensation more than 30 years ago. The contrasts deliberately chosen between the individual pieces of leather used in the patchwork covering are particularly effective in our Naturale category of leather and make a significant contribution to the charm of this classic model. The model has been only slightly altered to fit the spirit of the new collection. The DS-80 is available as both a recliner and small lounge sofa.

**This item can be customized using a wide choice of fabrics found in the store. The Retail price will vary dependent on the fabric chosen. Pricing shown on the website is indicative of non-custom stock.**
